Annual EEO Public File Report

For the period of June 1, 2018 – May 31, 2019

The purpose of this Equal Employment Opportunity Public File Report (“Report”) is to comply with the Federal Communications Commission’s 2002 EEO Rule – 47 C.F.R. Section 73.2080(c)(6). This Report has been prepared on behalf of the Tri-Cities Station Employment Unit (“SEU” or “Tri-Cities SEU”) that is comprised of the above captioned stations, all licensed to Bristol Broadcasting Company, Inc. (“Bristol”), and has been placed in the Public Inspection Files of these stations and posted on their websites as required².

The information contained in this Report covers the time period beginning on June 1, 2018 and ending on May 31, 2019 (the “Applicable Period”).

The FCC’s 2002 EEO Rule requires that this Report contain the following information:

1. A list of all full-time vacancies filled by the Stations comprising the Station Employment Unit during the Applicable Period;
2. For each such vacancy, the recruitment sources utilized to fill the vacancy (including, if applicable, organizations entitled to notification pursuant to Section 73.2080(c)(1)(iii) of the new EEO Rule, which should be separately identified), identified by name, address, contact person and telephone number;
3. The recruitment source that referred the hiree for each full-time vacancy during the Applicable Period;
4. Data reflecting the total number of persons interviewed for full-time vacancies during the Applicable Period and the total number of interviewees referred by each recruitment source utilized in connection with such vacancies; and
5. A list and brief description of the initiatives undertaken pursuant to Section 73.2080(c)(2) of the FCC Rules.
6. An analysis of the effectiveness of the SEU’s EEO recruitment program.

¹ As is fully described in this Report, the Tri-Cities SEU is being divided into three separate SEU’s for EEO recruitment and reporting activities.

² While the communities of license of Stations WAEZ(FM), WEXX(FM), WNPC(AM), WSEV(AM), and WLNQ(FM) are all in Tennessee (Greeneville, Elizabethton, Newport, Sevierville, and White Pine respectively) this Annual EEO Public File Report was prepared and filed on the anniversary date of the filing of the licensee renewal applications for Stations WXBQ-FM, WFHG-FM, WFHG(AM), WMEV-FM, WUKZ(AM), WSNQ(AM), WNVA(AM), WOLD-FM, WZVA(FM), and WQSN(FM) whose communities of license are in Virginia as is permitted by the Commission’s policies in cases where an SEU is comprised of stations with cities of license in multiple states.

As was noted in the 2018 EEO Annual Report for the Tri-Cities SEU, a decision was made to separate the Tri-Cities SEU into three individual Station Employment Units for recruiting and reporting purposes. While each of the three new Station Employment Units are in the same Nielsen Audio Total Survey Area Market and DMA and many employees (including general manager, bookkeeping and payroll personnel, programmers and air personalities, news reporters, salespersons, commercial producers, engineers, etc.) are shared among the new SEU's; management believed that this would give a more granular view of its recruitment efforts for the annual EEO public file reports and perhaps broader dissemination of job notices. Bristol Broadcasting Company also anticipates that in time its management plan may offer a greater degree of separation of duties and management oversight of the various stations that have made up the Tri-Cities SEU. During the Applicable Period of this report, management of the Tri-Cities SEU commenced the process of separating the SEU into three separate station employment units for recruitment activity management and reporting purposes. The three separate station employment units are:

- Tri-Cities Station Employment Unit
- Newport Station Employment Unit
- Marion Station Employment Unit

However, because of the significant overlap in management and personnel among the three SEU's and for continuity and clarity in the annual reporting; management believed that for this first year of separate reporting a three-part report would best serve. Accordingly, this Report is being filed as a three-part report. Data from recruitment activities and supplemental initiatives during the Applicable Period was collected and categorized for the "original" Tri-Cities SEU as a whole but was also subdivided and collated for separate reports for the new Newport and Marion SEU's. The separate reports produced for the new Newport SEU and the new Marion SEU are added at the end of this Report and the whole three-part Report will be filed in the public files of all the stations in the three station employment units. It is noted that going forward the full list of Organizations Requesting Notice that has been collected by the Tri-Cities SEU will continue to be utilized by all of the three new SEU's.

Below is a recapitulation of the vacancies and recruitment activities and supplemental outreach initiatives that were undertaken by Bristol Broadcasting Company for the original Tri-Cities SEU during the Applicable Period of this Annual Equal Employment Opportunity Report.
